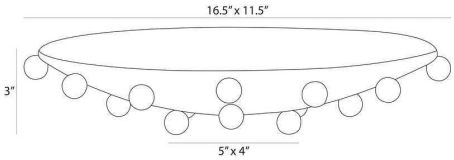
KATHERINE CENTERPIECE



ATC10
H: 3 IN, W: 16.5 IN, D: 11.5 IN,
Ivory

We studded the surface of the bowl-shaped centerpiece with accents of antique brass steel. Cast of ivory ricestone composite, Katherine possesses a playful appeal informed by the graphic mod movement of the 1960s. The brass "dots" also serve as feet to elevate the centerpiece off the tabletop. Finish will vary.
