### H2 Pro Dusk

Change the look and feel of any room by simply using a dimmer. The H2 Pro Dusk uses dim to warm LEDs to change the colour of the room as you dim. Starting at 1800K at 100% brightness you can use the H2 Pro Dusk as a regular downlight providing 620 Lumens. Gradually dimming, both the light output and colour temperature will change, all the way down from 3000K at 100% brightness to 1800K at 25% brightness. Adjusting the colour temperature ensures the feeling of the room will change, ideal for use in the home or any hospitality environment. Complete with Easy-fit connector, IP65 rating and compliant with all fire regulations, the H2 Pro Dusk will meet all your needs and is backed by our 7-year extended warranty for peace of mind.
