## GL040

The GL040 is part of Collingwood's submersible LED range. This range has single point source lens, giving it a modern look and feel. With this being IP68 and IK08, it is perfect for outdoor use, and with its marine-grade stainless steel 316, these ground lights are a stunning way to illuminate walls, trees and walkways. Available in two colour temperatures and two beam angles to suit any interior or exterior design.
