

Legrand Transformer Single Phase 230-400V 24-48V 100VA
Cat Num: 044233

Control, signalling and safety isolation transformers are ideal for heavy automation systems, industrial process systems and complex machinery.

Technical Information

Depth (mm)	94
Height (mm)	113
Operating temperature (°C)	Up to 50 (without derating)
Weight (kg)	1.95
Width (mm)	94
