

WR-12 Rectangular Waveguide Standard Gain Horn Antenna 20 dBi P/N: GHA600900-20

Typical Gain | E Band 60 to 90GHz

Dimensions are in mm

Product Configuration

Connector Series	WR12
Connector Polarity	Standard
Connector Impedance (Ohm)	50
Antenna Type	Horn
Flange Designation	UG-387/U

Mechanical Data

Weight	30 g
Body Material	Brass
Colour	Golden

Electrical Specifications

Return Loss or VSWR Input	1.1
Directionality	Directional
Polarization	Linear
Gain, Typical (dBi)	20
Frequency Range	60GHz~90GHz

Environmental Specifications

RoHS Compliant	Yes
