

WR-12 Rectangular Waveguide Standard Gain Horn Antenna 25 dBi P/N: GHA600900-25

Typical Gain | E Band 60 to 90GHz

Dimensions are in mm

Product Configuration

Connector Series	WR12
Connector Polarity	Standard
Connector Impedance (Ohm)	50
Antenna Type	Horn
Flange Designation	UG-387/U

Mechanical Data

Body Material	Brass
Colour	Golden

Electrical Specifications

Return Loss or VSWR Input	1.1
Directionality	Directional
Polarization	Linear
Number of Bands	Wide
Gain, Typical (dBi)	25

Environmental Specifications

RoHS Compliant	Yes
Operating Temperature Range	-40° to +65°
