

GRESPAN SEMI-FLUSH MOUNT

44763

Antique Brass

H: 6.5 IN

W: 17 IN

D: 17 IN

The hexagonal shape of this semi-flush mount draws the eye with its multi-faceted façade. Crafted of iron, this fixture features an antique brass exterior and polished brass interior for an extra element of shine. Diagonal detailing adds texture to the side panels and canopy to create a look that is both edgy and elegant. A frosted glass diffuser helps to disguise two bulbs, while simultaneously working to soften the glow. Finish will vary.

CONTRACT: Suitable As Is
