# ASHBURN PENDANT

45086
Natural Buri, Antique brass
H: 31 IN
Dia: 33.00 IN

Boasting a beautiful organic form the Ashburn pendant establishes a strong presence in a space while remaining light and airy. The spheroid frame is crafted from natural buri midribs that are woven in such a way that they appear to whirl around the iron frame especially when in use. Paired with an antique brass pipe for an unexpected element that refines its organic form.
