DMC33
Antique Brass, Amber
Seedy Glass
H: 27 IN
Dia: 32.00 IN

Round amber seedy glass drops are suspended in a cascading wind chime-inspired silhouette from an armature of antique brass-plated steel. Inspired by a handbag, each glass shape is supported by a delicate, yet sturdy chain threaded through its "handle," allowing the drops to refract the light for a dazzling effect. Damp-rated, although limited, covered outdoor conditions may affect finish. Finish will vary.
