

Description

SIT Steel Crimped Wire Wheel 300mm x M32 is designed with steel crimped wire in a silver and red finish. It provides reliable performance for cleaning, deburring and finishing tasks on various surfaces. Engineered for high rotational speeds up to 3000 RPM, it delivers consistent and precise results. Its robust construction and technical design support demanding applications for trade professionals seeking practical and efficient tool performance.

Features

- 300mm wheel fitted with M32 mounting for ease of installation
- Crimped steel wires deliver robust cleaning performance
- Designed for both indoor and outdoor applications
- Operates at a maximum speed of 3000 RPM
- Precision engineering ensures consistent brush integrity
- Durable construction supports demanding cleaning operations
- High-quality materials deliver longevity and reliable performance
- Bold silver and red finish for clear visual identification

Product Code: 10303

Specifications

Outdoor Use	Yes
Indoor Use	Yes
