

Description

Proval P2 Disposable Respirator Face Mask with Valve is a three-ply mask constructed from polypropylene, melt-blown fabric and cotton, offering a balanced combination of breathability and dust resistance. Incorporating a built-in valve and an adjustable nose bridge, it provides a secure and effective fit for tasks such as welding, sanding, maintenance and construction. Its consistent efficiency and extended shelf life support reliable use for trade professionals in demanding settings.

Features

- Three ply construction with polypropylene, melt blown and cotton
- Adjustable nose bridge for a customised fit
- Built in valve improves airflow during extended use
- Micron level filtration with 80% efficiency
- Staple free design supports hygienic and safe handling
- Disposable mask for single use and simple maintenance
- Fibreglass free build for added reliability
- Head loop design ensures secure placement during wear

Product Code: 30124

Specifications

Breathable	Yes
Food Safe/Clean Room Compatible	No
Disposable	Yes
Water Resistant	No
Waterproof	No
Dust/Dirt Resistant	Yes
Fibreglass Free	Yes
Ear Loops	Single
Head Loop	Yes
Ply Level	3 Ply
Efficiency Level	80%
Micron Effectiveness Level	0.0003 mm
Adjustable Nose Bridge	Yes
Built in Valve	Yes

Standards

Food Safe (HACCP Certified)	No
