

Description

Proval WP Solvent Resistant Wipes Roll is designed with durable polyester and wood pulp for effective solvent-resistant cleaning. Engineered for precise dispensing in a roll format, these wipes provide high absorbency and minimal lint, making them suited for technical tasks in various professional settings. Their chemical-free composition ensures consistent performance for routine surface preparation, spray painting and painting, as well as specialised laboratory, medical and aerospace applications, offering reliable efficiency and practical benefits to trade professionals.

Features

- Disposable roll design for efficient wipe dispensing
- Constructed from polyester and wood pulp materials
- Solvent resistant wipes withstand chemical exposure
- White colour ensures a clean professional appearance
- Chemical free composition supports safe surface cleaning
- Low lint properties reduce residue on surfaces
- Highly absorbent material ensures rapid liquid uptake
- Roll dispenser offers convenient access to wipes

Product Code: 40511

Specifications

Disposable	Yes
Dust/Dirt Resistant	No
Solvent Resistant	Yes
Abrasive	No
Chemical Free	Yes
Low Lint	Yes
Dispenser Type	Roll

Standards

Manufactured to ISO9001 Management Systems	Yes
Food Safe (HACCP Certified)	No

Appearance

Product Colour	White
----------------	-------

Construction

Product Material 1	Polyester
Product Material 2	Wood Pulp

Dimensions

Product Length (mm)	290
Product Width (mm)	400
Material Thickness (mm)	0.9

Weights

Product Weight (grams)	5000
