

## Description

Proval Single Glove Dispenser is crafted using ironwork with an oil paint coating in a white finish, providing reliability for precise glove management in settings such as hairdressing salons, nursing aid units, aged care facilities, chemical laboratories, medical examination rooms and doctor's surgeries. It features a lint free and dust resistant design, offering practical and efficient glove dispensing for professionals seeking a clean, organised workspace.

## Features

- Durable ironwork construction withstands daily operational demands
- Oil paint coating protects dispenser against external surface damage
- Clean white finish offers clear visual presentation
- Dust and dirt resistant for reliable surface performance
- Lint free design minimises contamination risk in sensitive workspaces
- Designed for frequent glove dispensing with consistent performance
- Engineered for ease of use and quick glove retrieval
- Simple mechanical design ensures minimal maintenance requirements

**Product Code: 41056#**

## Specifications

Breathable	No
