

Description

SIT Steel Crimped Wire Wheel 200mm x 23mm is engineered from high-quality steel with a crimped wire design for efficient surface preparation and deburring operations. It operates at speeds up to 6000 RPM, offering reliable performance for cleaning and finishing applications. The silver and red finish provides clear visual identification, while its robust construction ensures consistent durability during routine maintenance and repair tasks for trade professionals.

Features

- Constructed with robust steel for lasting performance
- Crimped wire design enhances cleaning efficiency
- Operates at speeds up to 6000 RPM
- Adaptable for various inside or outside cleaning applications
- Precise 200mm x 23mm dimensions for reliable performance
- Attractive silver and red finish aids visual identification
- Engineered for efficient debris removal and surface cleaning
- Quality manufacturing by SIT ensures dependable operation

Product Code: 4202
