

## Description

Disposable Plastic Apron – White is a disposable apron made from polyethylene which offers water resistance, dust resistance and a lint free surface. Designed with a head loop and back ties, it ensures a secure fit and ease of use. Favoured by trade professionals in food processing, medical, dental and care settings, it supports hygienic procedures and operational efficiency while minimising cross-contamination risks.

## Features

- Disposable polyethylene apron designed for food and cosmetic industries
- White colour enhances visual clarity and cleanliness in usage
- Lint free surface prevents particulate transfer during operations
- Dust and dirt resistant design supports stable performance
- Head loop and back ties secure reliable wear
- Food safe material suitable for clean room applications
- Constructed from durable polyethylene for single-use efficiency
- Precise construction enhances user comfort and functionality

**Product Code: 50255**

### Specifications

Breathable	No
