

LAB COAT PP WHITE W/OUT POCKETS

55003 Proval PP White Lab Coat is a disposable PP lab coat designed for food processing, food manufacturing, medical settings, aged care, laboratory work, pharmaceutical production and manufacturing. It is made from polypropylene and elastic rubber with a non woven polypropylene spunbond fabric that is breathable and lint free. The sewed construction and Velcro closure, combined with elastic wrist and ankle features, provide a practical and comfortable fit, while the fabric helps resist oil, grease, dust and dirt.
