

# LAB COAT PP BLUE W/OUT POCKETS

**55009** Proval PP Blue Lab Coat is a disposable protective garment designed for applications such as food processing, medical care, laboratory work and pharmaceutical settings. Constructed from non woven polypropylene spunbond and elastic rubber, it features serged seams, a Velcro closure, and elastic wrist and ankle fittings. The lab coat is lint free and offers resistance to oil, grease, dust and dirt, providing practical benefits to trade professionals in demanding operational tasks.
