

Description

SIT Steel Boiler Tube Brush 28mm x 1/2" is constructed from durable steel with a robust silver finish, providing dependable cleaning for boiler tubes in both indoor and outdoor settings. Designed for precision and efficiency, the brush aids professionals in maintaining optimal tube conditions while reducing maintenance effort. Its straightforward construction and targeted functionality support effective cleaning processes for trade professionals.

Features

- Durable steel bristles maintain effective cleaning performance
- Refined silver finish reduces friction on tube surfaces
- Engineered for efficient cleaning of boiler tubes
- Suitable for indoor and outdoor cleaning applications
- 28mm brush head ensures reliable contact with tubes
- Robust steel design withstands intensive cleaning operations
- Precision steel wire offers steady mechanical performance
- Simple construction minimises downtime during maintenance cycles

Product Code: BTB28
