

Description

SIT Steel Boiler Tube Brush 56mm x 1/2" is designed specifically for cleaning and maintaining boiler tubes with precision and efficiency. It features steel brush material with a steel wire style and a silver finish, ensuring durable performance in indoor and outdoor applications. Trade professionals benefit from its consistent cleaning action, enhancing maintenance procedures and ensuring reliable operation in various tube cleaning tasks. The product is engineered to provide straightforward, effective cleaning performance for technical applications.

Features

- Robust steel bristles for efficient tube cleaning
- Durable design supports extended cleaning and maintenance tasks
- Steel construction withstands repeated use in challenging tasks
- Silver finish prevents corrosion and visual wear
- Clean brush design improves access to narrow tube surfaces
- Precision wire arrangement offers consistent cleaning contact
- Outdoor and indoor function supports varied maintenance tasks
- Optimised brush dimensions clean different tube sizes

Product Code: BTB56
