

Description

Easyroll 125mm Rotary Buffers 1 " Axle Fitting" is engineered from durable polypropylene in a white/grey design to provide controlled rotary motion for swivel caster applications. Its design retains precision performance for maintenance and technical tasks, delivering consistent movement and vibration damping. Suitable for indoor and outdoor use, it supports efficient operational handling and longevity, addressing the practical needs of trade and professional users.

Features

- Constructed from durable polypropylene for extended performance
- Designed for smooth rotation with swivel castor integration
- Enhances manoeuvrability on castor-equipped devices
- White and grey design lends clear product identification
- Precision-fitted axle ensures stable smooth rotation
- Engineered for ease of installation and maintenance
- 125mm diameter supports versatile castor applications
- Intricate design meets precise technical work requirements

Product Code: BUFF4R25

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No
Suitable For	Swivel Castor

Appearance

Product Colour	White/Grey
----------------	------------

Construction

Product Material 1	Polypropylene
--------------------	---------------

Dimensions

Product Height (mm)	32
Product Width (mm)	115
Product Length (mm)	95

Weights

Product Weight (grams)	59
