

## Description

Cesco 600ml Oil Can - 10 Piece is a precision-engineered oil can designed for efficient lubrication tasks using a reliable pump mechanism. Manufactured from durable Galabond and brass, it optimises the controlled distribution of lubricants through its rigid sprout. Its blue and brass finish provides clear visual identification, supporting maintenance and servicing operations in trade settings. The built-in hardware ensures secure handling and ease of use, making it a practical tool for professional applications.

## Features

- Robust Galabond build with brass elements
- Compact 600ml capacity for efficient oil dispensing
- Integrated pump mechanism for controlled application
- Designed in blue and brass for visual appeal
- Suitable for indoor and outdoor operations
- Durable oil can with precision-engineered hardware
- Simple refill system ensures minimal maintenance
- Crafted for dependable performance in practical settings

**Product Code: C032**

## Specifications

Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	Yes
Pump Mechanism	Yes
Demountable Sprout	No
Filter	No
Sprout Type	Rigid

## Appearance

Product Colour	Blue/Brass
----------------	------------

## Construction

Product Material 1	Galabond
Product Material 2	Brass

## Weights

Product Weight (grams)	380
Product Weight (kg)	0.38

## Dimensions

Product Height (mm)	105
Product Width (mm)	90
Product Length (mm)	90
