

## Description

Rocket 125mm Cutting Discs Steel - 10 Piece is engineered for precise metal cutting with an angle grinder. Manufactured by ROCKET using aluminium and finished in black and silver, these cutting discs operate at a maximum speed of 12,200 RPM to provide efficient performance. They offer dependable cutting consistency for technical applications, ensuring professionals can undertake maintenance and fabrication tasks with confidence and technical accuracy.

## Features

- Designed for indoor and outdoor cutting applications
- Crafted from aluminium for precise reliable performance
- Supports tool speed up to 12200 rpm
- Specifically designed for use with angle grinders
- 125 millimetre diameter disc optimises cutting precision
- Black and silver finish enhances visual distinction and accuracy
- Lightweight design reduces operator fatigue on prolonged use
- Pack includes ten discs to maintain operational efficiency

**Product Code: CDM125322**

## Specifications

Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No
Max RPM	12,200
Suits Tool Type	Angle Grinder

## Appearance

Product Colour	Black/Silver
----------------	--------------

## Weights

Product Weight (grams)	82
Product Weight (kg)	0.082

## Construction

Product Material 1	Aluminium
