

Description

Rocket 125mm Cutting Discs Stainless Steel - 10 Piece provide precise cutting capability when attached to an angle grinder. Crafted with a durable aluminium composition and a distinctive black and silver finish, these discs offer consistent performance with a maximum RPM of 12,200. Suitable for diverse applications, they are designed to meet the demands of trade professionals by delivering controlled and efficient cutting tasks while utilising robust engineering principles.

Features

- Optimised for high-speed cutting rotations up to 12200 RPM
- Engineered using aluminium material for robust cutting efficiency
- Compatible with angle grinders for precise controlled cutting tasks
- Balanced black and silver finish for improved disc performance
- Suitable for cutting stainless steel and similar metal surfaces
- Delivers optimal stability and performance during demanding cutting operations
- Designed for efficient cutting without excessive vibration or overheating
- Provides reliable cutting precision necessary for technical applications

Product Code: CDSS125122CAN

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No
Max RPM	12,200
Suits Tool Type	Angle Grinder

Appearance

Product Colour	Black/Silver
----------------	--------------

Weights

Product Weight (grams)	31.7
Product Weight (kg)	0.0317

Construction

Product Material 1	Aluminium
