

Description

Easyroll 600 x 1350-3800mm Steel Expandable Conveyor 80Kg features robust carbon steel construction paired with durable urethane wheels in silver, black and grey. It facilitates smooth handling of loads and components, offering a practical solution for trade professionals working indoors. Its expandable design enables custom configurations and precise movement control, ensuring reliable performance and improved workflow across various operational tasks while maintaining straightforward engineering and ease of use.

Features

- Robust carbon steel construction ensures durable frame performance
- Precision urethane wheels provide smooth, quiet movement
- Expandable design adjusts length from 1350mm to 3800mm
- Engineered for indoor use with reliable performance
- Featured in a silver, black and grey colour scheme
- Precision engineered for smooth conveyance and easy handling
- Lightweight design supports efficient mobility on fixed pathways
- Easyroll brand guarantees quality construction and longevity

Product Code: CE592WS

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
Assembly Required	Yes

Appearance

Product Colour	Silver/Black/Grey
----------------	-------------------

Construction

Product Material 1	Powder Coated Steel
--------------------	---------------------

Weights

Product Weight (grams)	85,000
Product Weight (kg)	85
Load Capacity (kg) sqm	80

Dimensions

Product Height (mm)	990
Product Width (mm)	600
Product Length (mm)	3800
Wheel Diameter (mm)	50
