

## Description

Easyroll 1500 x 450mm Steel Straight Conveyor Frame is a robust conveyor frame designed for industrial and trade professionals. Constructed from powder coated steel in industrial grey, it delivers a precision-engineered solution for controlled material transport. Configurations include a 75mm pitch with 20 rollers and a 150mm pitch with 10 rollers. It is compatible with specific rollers (CRA2S450X050, CRA3P450X050) and stands (CSH0800X450A, CSH1050X450A) with hardware provided. The frame is engineered for durability during continuous use and offers straightforward installation.

## Features

- Industrial grey powder coated steel provides robust frame structure
- Includes integrated hardware for easy installation and assembly
- Designed for indoor use with a straight reliable layout
- Customisable roller compatibility for specific model configurations
- Features precise 75mm and 150mm pitch frame options
- Constructed to maintain frame integrity under operational loads
- Easy assembly integration supported by included hardware components
- Engineered for dependable performance in practical conveyor applications

**Product Code: CFA1500X450A**

## Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	Yes
Assembly Required	Yes
Suitable Roller	CRA2S450X050 CRA3P450X050
Suitable Stand	CSH0800X450A, CSH1050X450A
Conveyor Frame Type	Straight

## Appearance

Product Colour: Industrial Grey

## Construction

Product Material 1: Powder Coated Steel

## Weights

Product Weight (grams)	7340
Product Weight (kg)	7.34

## Dimensions

Product Width (mm)	450
Product Length (mm)	1500
