

## Description

Easyroll 2.50x4" Pneumatic Wheel Steel Offset 5/8" Bearing 90kg is built with a steel wheel core, precision ball bearings and a pneumatic wheel material in a black/silver finish. It is designed specifically for smooth load handling and transport applications for industrial and trade professionals. The steel components provide durability and the offset design ensures controlled movement, supporting precise manoeuvring in diverse operational tasks.

## Features

- Pneumatic wheel with black silver finish and steel core
- Steel ball bearing ensures smooth rotation performance
- Suitable for both indoor and outdoor use
- Compatible with 250X4 / 2.50-4 tube dimensions
- Robust steel hub paired with quality steel bearing
- 4-ply construction delivers added durability under load
- Engineered using precise designs and quality materials
- Smooth quiet operation enhances performance for demanding tasks

**Product Code: CPW2.50-**

## Specifications

Bearing Type	Ball Bearing
Ply Rating	4
Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No

## Weights

Load Capacity kg	90.0
------------------	------

## Appearance

Product Colour	Black/Silver
----------------	--------------

## Construction

Tube Suitable for Wheel	250X4 / 2.50-4
-------------------------	----------------

Wheel Core Material	Steel
Wheel Material	Pneumatic
Bearing Material	Steel
Hub Material	Steel

## Dimensions

Tread Width	40
Axle Bore ID (F)	16
Wheel Width (C)	58
Wheel Diameter (A)	220

## Weights

Product Weight (grams)	1176
Product Weight (kg)	1.176
