

Description

Easyroll 300mm Steel Conveyor Roller 110kg is constructed from zinc plated steel with a silver finish and features durable urethane wheels. It is designed for indoor use and is intended for applications requiring reliable material handling with smooth movement. Compatible with designated stands and frames, it supports precise and efficient operational processes for industrial tasks. Its straightforward design and robust build offer value by enhancing productivity and facilitating consistent performance across various trade applications.

Features

- Zinc plated steel provides durability and corrosion resistance
- Urethane wheel delivers reliable grip during rotation
- Silver finish offers a professional, minimalistic look
- Engineered for steady movement in indoor operations
- Designed exclusively for use with straight frame types
- Compatible with stand models CSH0800X300A and CSH1050X300A
- Works with frames CFA1500X300A and CFA3000X300A
- Engineered to support loads up to 110kg securely

Product Code: CRA2S300X050

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
Assembly Required	No
Suitable Stand	CSH0800X300A, CSH1050X300A
Suitable Frame	CFA1500X300A, CFA3000X300A
Suits Frame Type	Straight

Appearance

Product Colour Silver

Construction

Product Material 1 Zinc Plated Steel

Weights

Product Weight (grams)	660
Product Weight (kg)	0.66
Load Capacity kg	110.0

Dimensions

Product Height (mm)	990
Product Width (mm)	50
Product Length (mm)	238
Face Width (mm)	226
Suits Frame Width (mm)	300
Over Bearing Width (mm)	238
