

Description

Easyroll Conveyor 800mm Left Right Side LE is a conveyor H-stand designed for indoor applications and constructed from carbon steel. The product offers a grey finish and a robust design that facilitates precise material handling for trade professionals. It supports practical operations in logistics and packaging, ensuring efficient performance and seamless integration into existing systems. Its technical composition and straightforward design contribute to a reliable and effective solution in demanding work environments.

Features

- High-strength carbon steel construction for extended durability
- Engineered for efficient material handling and smooth workflow
- Robust design yields stable support during operations
- Lightweight build allows straightforward repositioning and setup
- Precision engineering maintains consistent alignment for smooth flow
- Sleek grey finish offers a modern professional appearance
- Simple installation saves time and operational resources
- Low maintenance design reinforces reliable day-to-day usage

Product Code: CSHK0800S

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
Assembly Required	Yes

Appearance

Product Colour	Grey
----------------	------

Construction

Product Material 1	Powder Coated Steel
--------------------	---------------------

Weights

Product Weight (grams)	1774
Product Weight (kg)	1.774

Dimensions

Product Height (mm)	55
Product Width (mm)	120
Product Length (mm)	678
