

SIT Steel Twist Knot Conical Brush 120mm x M14

Description

SIT Steel Twist Knot Conical Brush 120mm x M14 is engineered with a twist knot wire structure to provide precise cleaning, deburring, and surface preparation. The brush, finished in silver and red, is built from durable steel and operates at speeds up to 12500 RPM, offering efficient performance for trade professionals. Its design supports dependable and controlled material removal, contributing to improved productivity in a range of work settings.

Features

- Constructed with durable steel twist knot wire
- Conical brush design for efficient surface coverage
- Optimised for high performance at up to 12500 rpm
- Engineered for indoor and outdoor cleaning tasks
- Vibrant silver and red finish enhances visual identification
- Simple structure provides consistent cleaning performance
- Precision-machined design ensures accurate alignment of wires
- Engineered construction withstands demanding cleaning applications
