

## Description

Easyroll 27mm Round M10 Expanding Adaptors are manufactured from polypropylene and are designed for efficient, reliable performance across various applications. They feature a round tube shape with an expanding pintle fitting that facilitates secure castor integration. The grey adaptors support practical use in both indoor and outdoor settings, providing technical reliability and aiding ease of assembly for trade professionals in routine maintenance and repair tasks. Their design ensures consistent performance and streamlined operation.

## Features

- Constructed in durable grey polypropylene for lasting performance
- Round tube shape delivers balanced support and smooth rotation
- Expanding pintle fixture offers secure and precise installation
- Compatible with castor systems for flexible application
- Suitable for indoor and outdoor settings
- Easy integration simplifies maintenance and operational efficiency
- Precision engineering ensures reliable connectivity during movement
- Easyroll brand reinforces trusted product technical specifications

**Product Code: E10R27**

## Specifications

Fitting Type	Expanding Pintle
Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No
Suitable For	Castor
Tube Shape	Round

## Appearance

Product Colour            Grey

## Construction

Product Material 1        Polypropylene

## Dimensions

Product Length (mm)	75
Mounting Size (G) mm	M10
Suits Tube ID (mm)	24
Suits Tube OD (mm)	27

## Weights

Product Weight (grams)	22
