

Description

Easyroll 19mm Round M12 Expanding Adaptors offer practical solutions for efficient caster movement in both indoor and outdoor settings. Constructed from durable polypropylene with an expanding pintle fitting, these round adaptors deliver reliable performance and straightforward integration into various professional applications. Their robust design enhances operational ease and contributes to optimised component management for trade professionals seeking dependable, technically sound products.

Features

- Polypropylene build delivers reliable strength for long-term use
- Grey finish integrates with various design aesthetics
- Precision round tube design ensures secure castor fit
- Expanding pintle provides quick straightforward installation
- Suitable for both indoor and outdoor applications
- Engineered for robust stability using secure adaptors
- Easyroll design supports easy maintenance and reliability
- Robust material properties ensure longevity and dependable performance

Product Code: E12R19

Specifications

Fitting Type	Expanding Pintle
Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No
Suitable For	Castor
Tube Shape	Round

Appearance

Product Colour Grey

Construction

Product Material 1 Polypropylene

Dimensions

Product Length (mm)	75
Mounting Size (G) mm	M12
Suits Tube ID (mm)	16
Suits Tube OD (mm)	19

Weights

Product Weight (grams)	12
