

Description

Easyroll M10x75mm Expanding Adaptor is an expanding bolt adaptor constructed from steel and finished in silver. It features a threaded stem fitting that ensures a secure, reliable connection in various fastening applications. Designed for precise expansion during installation, it adds technical efficiency for trade professionals. Suitable for both indoor and outdoor use, this component delivers robust performance and controlled adaptability, supporting effective and dependable assembly processes.

Features

- Constructed from durable steel ensuring lasting strength
- Designed with a silver finish for clear, professional visibility
- Features a threaded stem for steady bolt insertion
- Suitable for indoor and outdoor use
- Expanding design guarantees secure fixture attachment
- Ideal for fast and efficient fixture reconfiguration
- Manufactured with practical, reliable engineering precision
- Offers consistent performance across diverse application settings

Product Code: EXPBOLT10

Specifications

Fitting Type	Threaded Stem
Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No

Appearance

Product Colour	Silver
