

Description

Easyroll M12x75mm Expanding Adaptor is a steel expanding hex flange bolt adaptor designed for secure and efficient fixing in various technical applications. It features a threaded stem that provides precise connectivity for indoor and outdoor use. The silver finish and robust build deliver predictable performance and ease of installation, making it a practical solution for trade professionals demanding reliability and technical precision.

Features

- Durable steel build for reliable long-term performance
- Expanding design secures bolts with hex flange precision
- Threaded stem fitting ensures solid connection installation
- Silver finish offers visual clarity in varied environments
- Indoor and outdoor versatile use for diverse applications
- Compact design fits standard bolt sizes and configurations
- Engineered for consistent performance under mechanical stress
- M12x75mm expansion adaptor ensures precise and secure bolt connection

Dimensions

Product Height (mm)	20
Product Width (mm)	20
Product Length (mm)	85
Mounting Size (G) mm	M12

Weights

Product Weight (grams)	66.5
------------------------	------

Product Code: EXPBOLT12

Specifications

Fitting Type	Threaded Stem
Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No

Appearance

Product Colour	Silver
