

## Description

Easyroll M12x75mm Stainless Steel Expanding Adaptor is designed for secure mounting of castor systems in various technical settings. It utilises stainless steel to ensure long-lasting performance and a stable silver finish for clear visibility and consistency. The expanding bolt design provides efficient installation and reliable connectivity, aiding maintenance and repair tasks. Suitable for indoor and outdoor applications, it meets the practical requirements of trade professionals by simplifying installation and enhancing operational reliability.

## Features

- Durable stainless steel construction ensures long-lasting reliability
- Silver finished adaptor complements castor assemblies
- M12x75mm thread adapts standard bolt sizing
- Designed for secure and robust bolt expansion
- Engineered for dependable performance in various settings
- Stainless steel material withstands outdoor and indoor conditions
- Precision machining offers exact fit for castor mounting
- Reliable bolt expansion enables secure and stable fixings

**Product Code:** EXPBOLT12SS

## Specifications

Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No
Suitable For	Castor

## Appearance

Product Colour	Silver
----------------	--------

## Construction

Product Material 1	Stainless Steel
--------------------	-----------------

## Dimensions

Product Height (mm)	20
Product Width (mm)	20
Product Length (mm)	85
Mounting Size (G) mm	M12

## Weights

Product Weight (grams)	66.5
