

Description

Fischer Spare Parts Tray with Removable Dividers is engineered to organise and secure essential components within a controlled environment. Constructed from durable Cals Carb PP and finished in grey, this spare parts tray features removable dividers that provide flexibility in managing varied items. Including the necessary hardware, it supports efficient inventory management for trade professionals by allowing quick visual identification and systematic arrangement of parts. Its design contributes to a productive workspace with clear, accessible storage solutions.

Features

- Durable cals carb PP material ensures long lasting performance
- Removable dividers allow custom organisation of spare parts
- Solid construction maximises efficiency when storing essential components
- Designed for indoor use with customer hardware included
- Neat grey finish provides clear visual contrast for organisation
- Precise dimensions support efficient integration in manufacturing setups
- Simple design offers easy access to essential spare components
- Engineered by Fischer for consistent reliability in storage solutions

Product Code: F1H-001
