

Description

Fischer Spare Parts Tray with Removable Dividers is designed for industrial and trade professionals to organise and manage spare parts accurately. It is constructed from Cals Carb PP and features a grey finish that maintains a clear visual contrast during use. The tray includes removable dividers and all necessary hardware, enabling a structured arrangement of components. The design supports efficient retrieval and systematic upkeep of parts in various maintenance and operational settings.

Features

- Built from durable Cals Carb PP material
- Grey finish for clear standardised appearance
- Includes removable dividers for custom tray organisation
- Comes with hardware for secure assembly
- Engineered for indoor environments
- Designed for spare parts management
- Customisable layout improves parts organisation
- FISCHER quality supports long-term use
