

Description

Fischer Spare Parts Tray with Removable Dividers is designed for organising spare parts and components with practical efficiency. Constructed from durable Cals Carb PP and finished in grey, it features removable dividers and integrated hardware for customisable storage. Built for indoor use, the tray supports effective workplace organisation for professionals in the industrial and trade sectors. Its robust design promotes reliable performance and simplifies assembly, ensuring a practical solution for workshop management.

Features

- Robust tray constructed from durable Cals Carb PP material
- Grey finish provides a neutral, professional appearance
- Removable dividers allow adjustable internal organisation
- Includes secure hardware for straightforward assembly
- Efficient design supports clear layout of spare parts
- Engineered for repeatable use and prolonged service life
- Suitable for precise categorisation with configurable compartments
- Practical design aids effective management of spare parts
