

Description

Fischer Compartment Box - Small is a utilitarian container constructed from co-polymer and finished in clear for easy visual identification of stored items. It includes hardware for secure mounting and straightforward assembly, making it suitable for organising components and tools common in trade applications. Designed exclusively for indoor use, the box offers durability, precision design and efficient access to ensure practicality in everyday operational tasks.

Features

- Constructed from high quality co-polymer material
- Clear finish aids visual inspection and identification
- Engineered for indoor compartment storage solutions
- Pre-equipped with hardware for fast installation
- Compact design maximises available workspace
- Precise construction ensures reliable performance over time
- Engineered for efficient component organisation
- FISCHER quality underscores robust design and function

Product Code: F1H-031NL

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	Yes
Appearance	
Product Colour	Clear
Construction	
Product Material 1	Co-Polymer

Dimensions

Product Height (mm)	32
Product Width (mm)	118
Product Length (mm)	188

Weights

Product Weight (kg)	0.09
Product Weight (grams)	90
Volume Capacity (L)	0.57
