

Description

Fischer Green 2.5L Stor Pak is a durable, practical storage solution built from polypropylene that offers dependable, stackable bins for efficient organisation of parts, tools and documents. Designed with a utilitarian green hue for clear visibility, these bins incorporate included hardware for immediate assembly and use. They are ideal for trade professionals seeking cost-effective, space-saving options to streamline routines and maintain neatly arranged workspaces.

Features

- Stackable design maximises practical storage in tight spaces
- Constructed from durable polypropylene for long lasting use
- Green colour improves visibility among storage items
- Includes hardware for simple and secure assembly
- Lightweight design aids transport, handling and rearrangement
- 2.5L capacity meets varied storage demands
- Engineered for efficient stacking in high density setups
- Fischer quality ensures reliable performance for storage organisation
