

Description

Fischer Red 2.5L Stor Pak is a set of stackable storage bins constructed from robust polypropylene and designed for efficient indoor organisation. The bins offer a practical solution for storing components and materials in a controlled workspace, with hardware included for secure assembly. Their stackable design facilitates space optimisation and easy access, making them a valuable tool for trade professionals seeking reliable and straightforward storage solutions.

Features

- Durable polypropylene construction for long-lasting storage bins
- Stackable design optimises space efficiency indoor use
- Robust hardware ensures secure stacking and handling
- Vibrant red finish for easy visual identification
- Lightweight construction supports practical and efficient storage
- Secure hardware fastens components for stable stacking
- Uniform design facilitates integration into existing systems
- Compact dimensions improve storage and operational flexibility

Product Code: F1H-062R

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	Yes
Appearance	
Product Colour	Red
Construction	
Product Material 1	Polypropylene

Dimensions

Product Height (mm)	125
Product Width (mm)	220
Product Length (mm)	133

Weights

Product Weight (kg)	0.212
Product Weight (grams)	212
Volume Capacity (L)	2.93
