

Description

Fischer Green 12L Stor Pak is a stackable storage bin made from durable polypropylene with a bright green finish and includes essential hardware for easy assembly. Its design optimises space management and facilitates orderly storage solutions. Specifically designed for trade professionals, the product provides secure and efficient storage for small parts and tools, enabling streamlined workspace organisation and accessible inventory control. Its robust construction ensures reliable performance for daily operational requirements.

Features

- Durable polypropylene construction offers robust indoor storage
- Stackable design provides flexible, space-saving storage solutions
- Distinct green finish improves visibility and workspace organisation
- Included hardware ensures stable stacking of storage bins
- Lightweight design allows easy repositioning and handling
- Modular stacking facilitates efficient storage organisation
- Engineered polypropylene resists impacts and everyday wear
- Precision moulding guarantees consistent dimensional accuracy across units

Product Code: F1H-064G

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	Yes
Appearance	
Product Colour	Green
Construction	
Product Material 1	Polypropylene

Dimensions

Product Height (mm)	165
Product Width (mm)	275
Product Length (mm)	410

Weights

Product Weight (kg)	0.716
Product Weight (grams)	716
Volume Capacity (L)	14.88
