

Description

Fischer Clear 24L Stor Pak is a practical stackable storage solution constructed from durable polypropylene. It offers clear visibility of contents, making it easier for professionals to quickly identify stored items. The product is designed with modular functionality and includes essential hardware for straightforward assembly. It optimises workspace organisation and is engineered for efficient storage management in professional settings, ensuring a reliable and methodical approach to handling equipment and materials.

Features

- Clear container with stackable design for efficient storage and organisation
- Polypropylene construction ensures durability and resistance to wear
- Designed with included hardware for easy assembly
- Transparent design for quick visual access to stored items
- Stackable structure maximises storage efficiency in workspace
- Indoor application optimised for organised and accessible storage
- Robust design supports heavy stacking and frequent utilisation
- Clear label design facilitates quick product identification and tracking

Product Code: F1H-065C
