

Description

Fischer Orange 24L Stor Pak is a stackable storage bin constructed from polypropylene in a bright orange shade. It is designed to offer organised storage and easy access for hardware, tools and small components in busy work settings. The container's stackable design supports efficient use of available space while providing secure containment. It includes all necessary hardware for straightforward assembly and reliable performance, delivering practical benefits to trade professionals.

Features

- Durable polypropylene construction ensures lasting performance
- Stackable design improves organisation and storage efficiency
- Secure hardware facilitates robust and straightforward assembly
- Vibrant orange colour aids quick visual identification
- Designed for practical parts, tools and supply organisation
- Integrated design permits effortless stacking of multiple units
- Manufactured by FISCHER for trusted quality and reliability
- 24L capacity offers substantial volume for indoor storage
