

## Description

Fischer Red 24L Stor Pak is a stackable storage bin constructed from polypropylene designed for efficient organisation and secure storage. It is intended for use by industrial and trade professionals managing a range of tools and components. Integrated hardware facilitates straightforward assembly and optimal stacking, while its robust construction and practical design enhance workspace organisation. The product offers a reliable solution for keeping essential items safe and readily accessible in indoor settings.

## Features

- Durable polypropylene construction ideal for organising essential items
- Stackable design helps optimise space usage in indoor storage
- Robust hardware included ensures secure and reliable stacking
- Attractive red colour enhances visibility and ease of location
- Designed to safeguard items during routine handling and transport
- Compact 24L capacity suits diverse organisational needs
- Indoor use maintains items in controlled conditions
- Fischer design supports practical storage with modular stacking system

**Product Code: F1H-065R**

## Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	Yes
<b>Appearance</b>	
Product Colour	Red
<b>Construction</b>	
Product Material 1	Polypropylene

## Dimensions

Product Height (mm)	210
Product Width (mm)	440
Product Length (mm)	410

## Weights

Product Weight (kg)	1.315
Product Weight (grams)	1,315
Volume Capacity (L)	30.31
