

Description

Fischer 150x460mm Beige Louvre Panels is engineered for indoor application and constructed from durable ABS plastic. It offers effective light modulation and air circulation and incorporates integrated hardware for straightforward installation. Suitable for controlled commercial settings, this product delivers precise dimensioning and a neutral beige finish to support design functionality. Its robust construction and practical design benefit industrial and trade professionals by facilitating efficient, adaptable architectural and ventilation solutions.

Features

- Constructed from durable ABS plastic
- Precision engineered Louvre design controls ventilation and light
- Clean beige finish complements varied interior design schemes
- Integrated hardware simplifies installation and lowers assembly time
- Designed exclusively for reliable indoor structural applications
- Engineered louvre panels moderate ambient light and airflow
- Precision fabrication guarantees dimensional accuracy and accurate assembly
- Standardised dimensions facilitate precise planning and layout integration

Product Code: F1H-082

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	Yes
Appearance	
Product Colour	Beige
Construction	
Product Material 1	ABS Plastic

Dimensions

Product Height (mm)	15
Product Width (mm)	460
Product Length (mm)	150

Weights

Product Weight (kg)	0.194
Product Weight (grams)	194
Volume Capacity (L)	0.83
