

Description

Fischer Compartment Box (3 Compartment) comprises a clear storage container manufactured from co-polymer, providing a durable solution for organising and protecting components. The design features three distinct compartments and integrated hardware for secure assembly and maintenance of items. It is engineered for trade professionals to systematically arrange tools and small parts in workspaces, offering ease of access, efficient storage and simplified organisation for routine operations.

Features

- Three distinct compartments for organised component storage
- Durable co-polymer material ensures lasting performance
- Clear finish provides immediate visibility of contents
- Hardware included for straightforward installation
- Integrated design supports efficient component management
- Straightforward design suited for organised workspace use
- Minimalist aesthetic enhances practical usability
- Trusted Fischer quality supports everyday operational demands

Product Code: F1H-090NL
