

Fischer Clear Compartment Boxes (1 Compartment)

Description

Fischer Clear Compartment Boxes (1 Compartment) is a product designed for indoor applications, constructed from co-polymer with a clear finish for easy identification of stored contents. The box includes hardware to support effective installation and offers a single compartment for keeping essential items organised. Trade professionals benefit from its straightforward design and durable construction, which contributes to efficient storage and smooth daily operations in technical environments.

Features

- Clear compartment design for quick visual content identification
- Co-polymer construction ensures durability and stable performance
- Compact design saves space in equipment panels
- Interior compartment enables organised tool and component storage
- Hardware included for secure mounting and installation
- Fits easily in control panels or modular enclosure setups
- Designed with clarity and robust co-polymer material strength
- Transparent casing enhances component access and visibility

Product Code: F1H-091
