

Fischer Clear Compartment Boxes (8 Compartment)

Description

Fischer Clear Compartment Boxes (8 Compartment) comprises eight clear co-polymer compartments with included hardware designed for efficient organisation of tools and small components. The boxes provide a practical storage solution that supports reliable access and systematic arrangement within professional indoor workspaces. They offer technical advantages and ease of use to trade professionals, facilitating a structured approach to managing essential items in environments where indoor use is preferred.

Features

- Transparent co-polymer permits clear compartment visibility
- Eight compartments provide efficient component organisation
- Durable construction withstands frequent handling and rearrangement
- Robust hardware secures closure and reliable performance
- Low weight simplifies transport and repositioning tasks
- Straightforward design aids easy access to stored items
- Neat configuration streamlines workspace and tool management
- Constructed for indoor use with precise assembly details
