

Description

Fischer Red Store Tub 52L Nesting Crate is designed for efficient storage and organisation in indoor professional settings. Manufactured from robust polypropylene, its stackable design ensures reliable handling and space optimisation. The bin is assembled with included hardware and features a clear red colour for visual distinction. Its nesting capability supports straightforward stacking, transport, and compact storage, offering technical advantages that improve workflow efficiency for trade professionals.

Features

- Robust polypropylene construction for long-lasting reliability
- Red colour enhances quick identification in busy spaces
- Stackable design saves space during storage and transit
- Secure hardware enables stable stacking and easy separation
- 52-litre capacity accommodates various storage needs
- Practical nesting design simplifies organisation when empty
- Tailored for indoor applications and controlled storage environments
- Simple design ensures easy maintenance and upkeep

Product Code: F1H-191R
