

Description

Fasty 1.5M x 25mm Tie Down Straps 400kg is engineered for secure holding and transportation of loads by trade professionals. Constructed with a robust steel mechanism and durable polyester webbing, these straps offer reliable tension control. Their design incorporates a PVC bag and a cardboard header, providing dependable performance in both indoor and outdoor settings while delivering practical benefits in everyday operational tasks.

Features

- Robust steel mechanism ensures secure load retention
- Polyester webbing provides reliable durability under heavy strain
- PVC bag and cardboard header withstands outdoor and indoor conditions
- Yellow design enhances visibility during transport
- 1.5 metre length supports varied tie down applications
- 25mm width ensures secure anchorage of cargo
- Rated for loads up to 400kg for dependable performance
- Engineered for durability in transport and secure storage

Product Code: FASTY122

Specifications
